# Ideas of DWD

## Festival Data

1. Mobility

    1. Live hot map. Data from API.
    2. Transport capability evaluation. Explore transport API such as Lothian.

2. Review

    1. WeChat's WoW and Recomondation is interesting here. Wow is given by users / friends. Rocomondation is given by algorithm.

3. Planning

    1. One stop app for everything during the festival.

4. Content

    1. Vanishing Art. A show compares the differences, in terms of the kinds of art and artists, between this year's festival and those previous ones.
